

Introduction

Acu Commerce Connector for B2B is an integration plugin between WooCommerce Store and Acumatica Cloud ERP platforms.

Natively built on Acumatica's xRP platform, it is specially made for B2B eCommerce businesses. Designed for quick order processing, sharing Acumatica information with customers. Keeping in mind of unique business demands, it is highly customizable.

Extend the power of Acumatica to your online store to enhance your B2B business. Get relief from transaction and volume-based pricing using WooCommerce platform.

WooCommerce is a flexible, open-source solution built on WordPress. Being the most popular eCommerce platform, it empowers small and medium businesses to build exactly the kind of store they want to sell online. Over 10 million websites are power on WordPress CMS platform. With WordPress, WooCommerce, Acumatica and Acu Commerce B2B, creating an online storefront could not be any easier.
